DEVOE SHOW CARD COLORS

For Making

ARTISTIC CARDS, SIGNS, PRICE TICKETS, POSTERS, ETC.

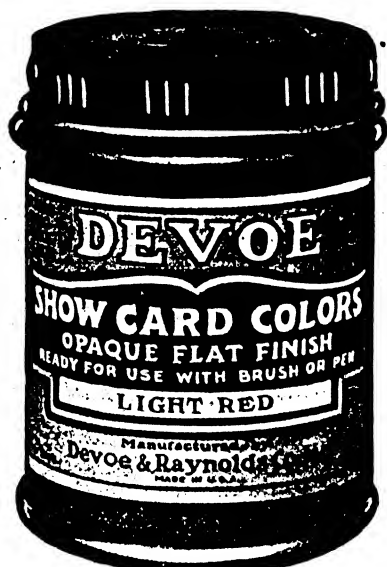

Particularly Adapted to School Art Work

Ready for Use with Brush or Pen

USE WATER TO THIN

Put up in new style, screw cap, air tight glass jars, with extra wide mouth to permit the use of a large or small brush. The shape of the jar will enable the user to mix and use every particle of color.

These colors are odorless and ground to that consistency so much desired by the professional or amateur card writer. Their smoothness, covering and flowing qualities are unsurpassed. They can be mixed to produce other shades as desired; suitable for the most rapid work.

SENGBUSCH INKSTANDS

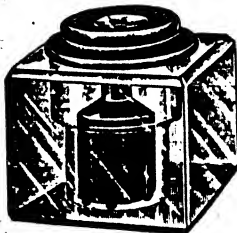

SINGLE INKSTANDS

No. 51 Plain glass, 3-in. diameter, 3-in. high.....4577
 This style is made up only in one number. The top screws onto the glass.

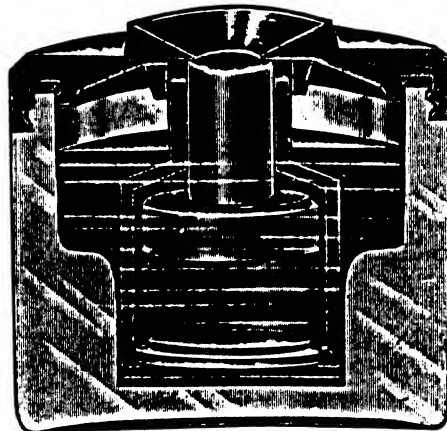

No. 55 Plain glass, 3 in. diameter, 3 in. high.....4578

No. 52 Cut glass, 3 in. square, 3 in. high.....4579
 53 Plain glass, 3 in. square, 3 in. high.....4580
 54 Cut glass, 3 1/2 in. square, 3 in. high.....4581

SENGBUSCH SELF-CLOSING INKSTAND

is more than a mere receptacle for ink. It is an ink preserver, and a time, trouble and temper saver. An easy, natural dip of the pen gives you always the same amount of clean, fresh ink. It is always ready for the pen. Space permits mentioning only a few of the many features belonging exclusively to the "Sengbusch," viz: Air-tight, dust-proof, non-evaporating, simple to fill, self-adjusting, instantly ready. A combination of utility, durability, cleanliness and economy.

Sectional view No. 51

Showing "Sengbusch" inkstand closed air-tight (same as corked bottle) when pen is withdrawn.

THE HOME AND OFFICE SPECIAL

No. 62 Plain glass, 2 1/2-in. diameter, 2 1/2-in. high.....4582

This little inkwell possesses the same self-closing features as all other "Sengbusch" inkstands, yet it is constructed differently. In the regular "Sengbusch" commercial stands the hard rubber buoyant float is incased in a hard rubber casing commonly termed the "fountain." In the No. 62 this same float operates in a glass sleeve set in a cork gasket.

The No. 62 is bought chiefly where space does not permit using the larger "Sengbusch" stands, otherwise the latter are preferred.

COUNTERSUNK INKSTANDS

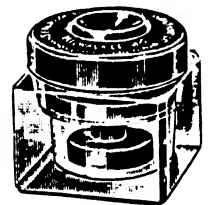

No. 56 Plain glass, 2 1/4 in. diam.....4583

No. 57 Cut glass, 3 in. octagon.....4584

The above inkstands set into round hole in desk, or in bases as shown on following pages.

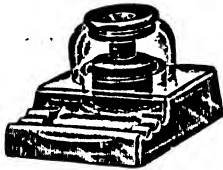

No. 63 Plain glass, 2 1/4 in. square, 2 1/4 in. high.....4585

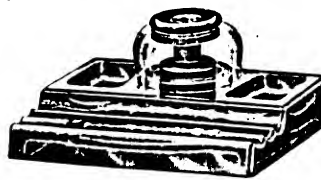

All come with black or red tops. Specify color wanted.

PRESSED GLASS BASE SETS

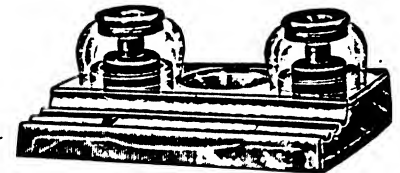

A highly attractive base at a moderate price.

No. 300 For single desk, size 5x4x1 3/4 inches, with one No. 56 inkstand.....4586

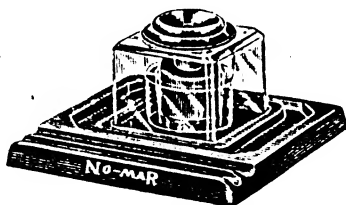

No. 310 For single desk, size 5 3/4 x 7 3/4 x 1 3/4 inches, with one No. 56 inkstand.....4587

CELLULOID ENVELOPES AND EYESHADES

MARKILO CELLULOID ENVELOPES

Markilo Celluloid Envelopes are the first and only all-transparent, all-celluloid envelopes to be made without stitching, folding or binding. Even the welded seam is transparent and flexible and so narrow that it is almost invisible, being fused into the stock it is as strong as the stock itself.

Markilo Envelopes are made in all sizes and punched for Loose Leaf Binders.

When your price list, exhibit, pass, or sample sheet is put into a Markilo Envelope and filed in a ring book there can be "no wear" to that sheet and "no tear" from the book.

Sheet size given below indicates size of leaf the envelope will take. First dimension is binding or punched side.

BATES STANDARD MOVEMENT MACHINE

The Bates Standard or three movement numbering machine is made in three movements: consecutive, duplicate and repeat. Made of the best quality of steel with mechanism enclosed to prevent interference from accumulated dirt and grit. Comes in Styles A, E and G.

STYLE E

- 5 wheels, numbers from 1 to 99,999...PRICE No. 4891
- 6 wheels, numbers from 1 to 999,999...PRICE No. 4892
- 7 wheels, numbers from 1 to 9,999,999...PRICE No. 4893

Multiple Movement

STYLE A OR G

- 5 wheels, numbers from 1 to 99,999...PRICE No. 4895
- 6 wheels, numbers from 1 to 999,999...PRICE No. 4896
- 7 wheels, numbers from 1 to 9,999,999...PRICE No. 4897

BATES MULTIPLE MOVEMENT MACHINE

The new multiple movement numbering machine gives four movements: consecutive, duplicate, triplicate and repeat. Made of the best quality of steel with enclosed mechanism making it dust proof.

STYLE E

- 5 wheels, numbers from 1 to 99,999...PRICE No. 4902
- 6 wheels, numbers from 1 to 999,999...PRICE No. 4903

- 5 wheels, numbers from 1 to 99,999...PRICE No. 4905
- 6 wheels, numbers from 1 to 999,999...PRICE No. 4906
- 7 wheels, numbers from 1 to 9,999,999...PRICE No. 4907

Styles A and G not carried in stock, delivery in 10 days.

BATES EIGHT MOVEMENT MACHINE

Equipped with consecutive, duplicate, triplicate, quadruplicate, quintuplicate, sextuplicate, septuplicate, octuplicate and repeat. A strong, yet light weight machine with rust-proof parts.

STYLES A, E AND G

- 5 wheels, numbers from 1 to 99,999...PRICE No. 4890
- 6 wheels, numbers from 1 to 999,999...PRICE No. 4894
- 7 wheels, numbers from 1 to 9,999,999...PRICE No. 4894½

BATES LEVER MOVEMENT MACHINE

The lever movement is designed for use where irregular numbering is required, that is where duplicate, triplicate, etc., are all needed at irregular intervals. A slight pressure on the lever steps the number up to the next higher in consecutive order, and the machine prints that number until it is again advanced by pressure on the lever.

Style E only stocked.

- 5 wheels, numbers from 1 to 99,999...PRICE No. 4908
